EDUCATION

B.TECH (AI&DS)	Sri Eshwar College of Engineering	**CGPA: 8.0 (up to 4th Sem)**	**2024-2028**
HSC	Srv Boys School	**82.6%**	**2021-2023**
SSLC	Our Lady Of Velankanni School	**100%**	**2020-2021**

INTERNSHIP

MERN Intern — Better Tomorrow Institute (Full-Stack Web Development) — **DEC 2025**

PROJECTS

INDUSTRIAL FIRE CLASSIFICATION - SATELLITE GEOSPATIAL INTELLIGENCE — **SEP 2026**

Built a near-real-time pipeline over NASA FIRMS (NOAA-21, NOAA-20, Suomi-NPP) that fuses ESA WorldCover, WRI/OSM facility data and multi-day persistence into 65 engineered features, classifies 43,346 hotspots with a Random Forest, and publishes quality-gated results to a MapLibre 2D / CesiumJS 3D dashboard with priority ranking.

InsightForge AI – Enterprise Data Intelligence Platform — **Jun 2026**

Built an end-to-end AI analytics platform that automates the data analysis workflow from ingestion to decision-making. Performs automated data profiling, anomaly detection and predictive forecasting using AutoML, with SHAP for model explainability, and delivers AI-generated business recommendations and real-time interactive dashboards using LLMs, LangChain, FastAPI and React.

KPI LAPTOP MONITORING SYSTEM — **MAY 2025**

Designed and implemented a KPI-based monitoring solution to track key system performance metrics such as CPU usage, memory, disk health and security compliance, enabling data-driven IT management and proactive system optimization.

CODING PROFILES

Skillrack : Solved 720+ problems | Saaiprasath S
Leetcode : Solved 180+ problems | Contest Rating: 1654 | SaaiprasathS
Hackerrank : 1 Star (C) | Saaiprasath S
Code Chef : Solved 91+ problems | Saaiprasath S

CERTIFICATIONS

Data Fundamentals	IBM SkillsBuild	**OCT 2026**
Design Thinking - A Primer	NPTEL (80% Elite + Silver Badge)	**APR 2026**
Java Programming	Oracle	**OCT 2025**
Mastering Data Structures & Algorithms using C and C++	Udemy	**APR 2025**
C Training	Spoken Tutorial Project, IIT Bombay	**DEC 2024**
CPP Training	Spoken Tutorial Project, IIT Bombay	**DEC 2024**

ACHIEVEMENTS

First prize in AgentVerse 2026 — **JUL 2026**
First prize in Mini Project Expo 2026 — **APR 2026**
Finalist in **Technovation**, Kurukshetra, organised by **Anna University, Guindy** — **MAR 2026**
Incepto national-level hackathon **(Top 10)** — **FEB 2026**
Statistella: Data Analytics Competition **(Top 10)** — **JAN 2026**
Third prize in Freshathon 2025 — **MAY 2025**
Finalist in **SelfE hackathon** (among 115+ teams) — **NOV 2024**

SKILLS

Analytics & ML : Data Analysis | Data Cleaning | Exploratory Data Analysis | Data Visualization | Machine Learning
Python Libraries : Pandas | NumPy | Matplotlib | Seaborn | Scikit-learn | OpenCV | Plotly
BI & Tools : Power BI | Excel | Jupyter Notebook | Google Colab | Git | GitHub | VS Code | Canva | Figma
Languages : Python | C | C++ | Java
Core Concepts : Object-Oriented Programming (OOP) | Data Structures & Algorithms (DSA)
